Hi there,

My name's **Rosie**, and I've been waiting ***eight long months*** for a second chance.

Back in March, someone found me wandering and brought me to the Humane Society of Kawartha Lakes. No one came to claim me, so my background is a mystery.

I didn't know where I was or why my hips hurt so badly, but I was scared. But then, something wonderful happened. People here smiled at me, spoke softly, gave me food, water, blankets, and love. They took me for walks and let me outside to play. They kept telling me I was a *good girl* and I believed them. For the first time in a long time, **I felt safe.**

But my journey isn't over yet.

You see, my hips are badly damaged. The vet took some funny-looking pictures and said I need **two hip surgeries**, so I can finally run and play like the other dogs. Without surgery, I'll live with chronic pain. With it, I'll have a chance at the happy life I've been dreaming of, like chasing a ball, snuggling on the couch, and feeling the grass under my paws without hurting.

**Will you help me today by [making a donation](#) to give me that chance?**

The surgeries and recovery will be long and expensive. I'll need months of rest, medication, and special care, including a foster home where I can heal in peace.

The amazing humans at HSKL have already done so much for me: vet visits, pain medication, medication for my anxiety, and endless cuddles. But they can't do it alone. They need help from compassionate people like you.

Your **[donation today](#)** will help cover my **life-changing surgeries and recovery**. Every dollar matters and every minute counts. Please give now to help me walk without pain.

I may not be able to tell you with words, but if you could see the way my tail wags every time someone walks by my kennel, you'd know just how much your kindness means to me.

Please, if you can, **[donate](#)** right now to help me heal and finally find my forever family.

Thank you for believing that dogs like me deserve a second chance. I'm dreaming of the day I can run again, thanks to YOU.

With love and hope,

 **Rosie**

(on behalf of all my friends at the Humane Society of Kawartha Lakes)

**P.S. Every donation, no matter the size, helps me take one step closer to healing. [Please give today](#) so I can finally run, play, and find my forever family.**
